### **HHLDROST**

The household roster will collect the name, age, sex, and marital status for each household member.

#### **SELECTP**

One or two people will be selected from each household to complete the smoking questions. In some households, if the selected person is age 25+, that person will not be retained; if no younger person was selected in the same household, the interview will end after asking a few questions of the current respondent.

### **HHSIZE**

Number of people age 15+ in household, calculated from household roster.

#### **NSELP**

Number of people selected for the smoking questions.

#### **INTRO**

I am going to start with some questions about cigarette smoking. For the purpose of this survey, the term "cigarette" refers to both cigarettes that are bought ready-made as well as cigarettes that you roll yourself. Please do not include cigars, cigarillos or pipes when you think about your answers.
